The dental hygienist is thorough and gentle. She explains the whys and hows of taking care of my teeth. She took extra time to watch me floss and provided feedback and instructions. The staff is kind and efficient. Dr Culda is compassionate and an excellent dentist.

I switched to DC Dental several years ago and have been very pleased with their overall service. Dr. Culda takes her time to explain and answer any questions. Office is welcoming and clean. Check it out if looking for a dentist. I had my cleaning on Thursday, all went well. Efficient and knowledgeable staff.

I had a great experience at DC dental! The receptionist is extremely lovely and my checkin was a breeze. I was referred here via the military since there was no availability on base. DC dental facilities is very clean and has the most updated equipment. My hygienist Deah was fantastic and really receptive to the fact that I have some sensitive areas in my upper gums during cleaning. I look forward to future visits, which is rare to say for a visit to the dentist!

I've been coming to this dental practice for over 5 years now, and I can't say enough good things about the care I've received. The entire team is professional, friendly, and genuinely cares about their patients. From routine cleanings to more complex procedures, everything is always explained clearly, and they go out of their way to make sure you're comfortable.

The office is clean, modern, and runs efficiently. I've never had to wait long, and scheduling appointments is always easy. What really sets them apart is their consistency. Every visit over the years has been a positive experience, and I always leave feeling well taken care of. Highly recommend to anyone looking for a dental practice they can trust long-term!

Dr.Culda and dental team treat the entire family. I have had the unfortunate experience to visit a lot of dentists in my lifetime that stemmed from an auto accident in preteen years. Dr.Culda has fought for my dental health and is conservative. The team from the scheduling to the assistant to the fabulous dental hygienist is top rate. All are professional, compassionate, and thorough. If I could give more than 5 stars I would.

I had not been to the dentist for quite sometime. I just kept putting it off and putting it off. Because of the great reviews I read, I decided to give Dr. Culda and her team a try. I was so pleasantly surprised of the kindness and care that I received from this office. From reception to checkout and everything in between, my experience was nothing less than exceptional! Both Dr. Culda and my dental hygienist, Deah were so kind and carefully spelled out my dental treatment plan. I had my first of two deep cleaning appointments yesterday. Absolutely no pain and was actually a pleasant experience. I am looking forward to getting the rest of my dental work done. Highly recommend this team for anyone looking for a dental group who genuinely care about you.

Dr. Culda's care is professional and friendly. Her new hygienist, Linda, took care of me yesterday and is a great addition to the staff. Being myself a retired anesthesiologist, I especially appreciate her careful hands!

My family has been going to this dental office for over thirty years and we have always been very satisfied with the services given. Now that Dr. Culda has joined the team, we are even more pleased with all the innovations she has offered. Excellent, extremely competent and friendly staff. Dale, Mary, and Joy are superb. We plan on coming here for at least thirty more years!

If you have to go to the dentist, this group of professionals will make your experience go as smoothly as possible. I have been coming here for 30 years and as a recent addition, Dr. Culda is a perfect fit for this practice. Everyone from the receptionist to the hygienists and assistants are very welcoming and as a team, you can tell they really enjoy their work and their patients. Dr. Culda is most pleasant and wants to do anything she can to make you comfortable. I recently had a crown prep done and because of her skill I was able to avoid a trip to another specialist for a crown lengthening; she was able to prepare it herself. She explained everything she was going to do and continually asked me if I was doing alright. Good job, Dr. Culda! I would highly recommend DC Dental Care and the entire staff is to be commended on their professionalism.

Dana Culda, DMD and her team provide outstanding dental services to the community. Mary, Dale and the medical and administrative team provide the highest level of services to their customers. In addition to immediate service during an appointment, the medical team offers proactive advice for care to avoid future problems. My care reaches back almost 30 years at this office with Dr. Swisher before Dr. Culda took over the practice. If someone is looking for dental care in this community, they would make an excellent choice with Dr. Culda and her medical team. We will be relocating from the area in the near future. In all likelihood, I will commute back for dental service with Dr. Culda and her professional and medical team.

I just moved to the area not long ago and needed a dentist. I found this place based on location, reviews and history with for working with insurances. I have been there for a few visits so far, and I could not be happier up to this point. I will be going back to Dr. Culda for as long as I can. Really love their friendly and supportive staff most of all. Truly wonderful people.

As usual, service was prompt and efficient, staff were friendly and professional. I would say this almost makes going to the dentist fun, but I'm sure no one would believe me.

I have been going to this dental office since 1990, and have always been treated well. The employees are friendly, courteous and efficient. This continues to be the case, now that Dr. Culda is here. My entire family (6 members, including a grandson) go here. I would recommend them highly to anyone without reservation.

Great teamwork and a friendly, professional experience! The installation of my crown went smoothly and Dr Culda made sure everything was "perfect". Dr Culda and her dental associates are highly competent. The hygenists are excellent; thorough, yet gentle. Dale is the receptionist and is always on top of the administrative aspects, your insurance is billed before you leave the office. I like that the office offers automated appointment services to confirm appointments, this saves time in confirming appointments.

I have been going to this location for years now and I have to say even with the new head dentist, I absolutely love it. The staff is always so welcoming and friendly. Dana Culda is very knowledgeable and helpful with anything you need. Appointments are flexible and they try there best to meet everyone's needs. I would definitely suggest this dental practice to everybody I know. Two thumbs up!

We were excited to meet Dr. Culda at DC Dental Care. She was very friendly and it was obvious that her staff loves her! I have 3 teenage children and they were very comfortable with her patient friendly, conservative approach to their dental care. See you there!

Altho Dr Dana had to refer me to another dentist, i was quite pleased with the knowledge, kindness and concern provided. After this second consultation, i think i return to her, but will wait for this next consult. I do understand my needs are not the norm and definitely appreciate the additional attention. Each specialist has their own unique skills. I just wish everything didnt take so long. That is partially how i wound up in my current special situation. But all is good, after all IT'S CHRISTMAS! I have so many more other things to be thankful for and I have learned some time ago how to smile with my eyes. Merry Christmas! And Happy New Year!

Person with special needs; autistic.

First time at this place, had great reviews. Seemed good. Welp; either people that go here love fake personalities or being treated like an idiot.

Whole time there, staff members talked down to me like I'm a child.

I know what flossing is; you don't need 4 minutes describing how to floss.

Also the ACTUAL Dentist wouldn't take no for an answer. I didn't want to see my X-rays; spent two minutes describing why I should. If I decline a night guard; guess what? That means no. Probably a great dentist. Wouldn't know, since I won't be returning to find out.

The hygienists are great. However, Dr Culda.. I do not care for her dentistry on filling replacement. Not happy at all. Looking for another dentist..
